Sir:

In view of the telephone discussion conducted between Applicants' attorney, Wesley Ashton, and Examiner Michael Feely (571-272-1086) on October 27, 2009, please enter the following comments regarding the application identified above in accordance with MPEP § 713.04:

Remarks/Arguments begin on page 2 of this paper.

REMARKS

Applicants' attorney, Wesley Ashton, contacted Examiner Feely (571-272-1086) by phone on October 27, 2009 to discuss the Information Disclosure Statement (IDS) filed on September 16, 2009. Examiner Feely had decided to not consider the single reference cited by the September 16, 2009 IDS on the grounds that no English translation was provided. Applicants' attorney directed the Examiner's attention to page 26, lines 1-4, of Applicants' specification as originally filed and explained that the reference cited by the September 16, 2009 IDS pertains to the periodic table, which employs the same symbols for the elements as periodic tables written in English. In view of the above facts, Examiner Feely agreed to consider the single reference submitted with the September 16, 2009 IDS and to issue a Supplemental Notice of Allowance indicating that the reference has been considered.

The below-signed attorney for Applicants welcomes questions.

Respectfully submitted,

GRIFFIN & SZIPL, P.C.
